

PROTECTING OUR FACILITY DURING ELECTIONS

UN-MONITORED VOTING ACTIVITIES CAN LEAD TO FRAUD

Weigh your role carefully. Conduct a self assessment to ensure you are providing impartial and unbiased assistance if you are asked to help with ballot requests or ballot submissions. **Ensure your state laws allow you to offer assistance.**

It's always better to use the "buddy system."
If you're allowed to help residents, try to have another staff person involved along with you.
Encourage others to do the same!
